Available for a full-time Software Engineering internship from February 2027 onward.

Education

Xiamen University Malaysia
Bachelor of Engineering in Software Engineering (Honours). CGPA 3.67/4.0 — Expected Sep 2027
Honors: Xiamen University Malaysia Merit Scholarship (75% tuition waiver), Academic Years 2023–2026

Canisius College
Graduated Cum laude, 88.5 average — 2023

Projects

Peatland Fire Alert System | IBM Z Datathon 2026 — Oct 2026 • Team of 5

- Built the full frontend dashboard in vanilla JavaScript, HTML, and CSS (no frameworks), with a custom SVG map and OpenStreetMap tiles
- Developed an interactive GeoJSON map with risk markers, with zooming, dragging, and selection built from scratch
- Created risk summary panels and a priority watchlist for high and critical risk areas
- Connected data pipelines, ML models, and an AI agent to the interface with teammates

Nomly: AI-Powered Recipe Recommendation App — Jun – Jul 2026 • Team of 6

- Set the UI theme (fonts, colors, layout) and wrote the shared CSS stylesheet used across pages
- Built the profile Insights Dashboard: recent recipes, weekly meal plan summary, user stats, bar chart of meals for the week, and activity feed
- Built the pantry UI and frontend validation for dashboard inputs
- Tools: ASP.NET Core, C#, React, Vite, JavaScript, HTML, CSS

Halabo: Indonesian Travel Booking Website — May – Jul 2025 • Team of 3

- Built the dynamic booking process in Java, Servlets, and MySQL: destination and package selection, auto-filled customer information, and package preselection from detail pages
- Styled the website and made layouts responsive for different screen sizes
- Tools: Java, JSP, Servlets, MySQL, HTML, CSS, JavaScript

Experience

Xiamen University Malaysia
Arrival Helper Leader (from Feb 2025) and Arrival Helper — Aug 2024 – Present

- Supported new student arrivals across 9 intakes since Aug 2024 as part of the helper team, including about 400 students (Aug 2026) and about 1,600 students (Sept 2026)
- Managed about 50 helpers in the Sept 2026 intake: made the shift schedule, assigned tasks, and answered helpers' questions
- Prepared arrival briefing slides with Canva and PowerPoint, and presented them to new students
- Answered new students' campus questions and assisted with medical checkup forms, SIM card registration, Touch 'n Go setup, and passport submission

Xiamen University Malaysia, Student Affairs Office (General Enquiry)
Help Desk (Part-Time) — Feb 2025 – Present

- Answered student enquiries, including directions to offices and where to find campus services
- Registered new student vehicles and entered vehicle pass data into the campus system (Barracuda)
- Handled student feedback, managed lost and found, issued forms for lost ID cards, and did paper and digital filing

Leadership & Activities

International Student Ambassador
Vice President — Oct 2025 – Nov 2026

- Supervised and monitored 7 departments of a 28-member committee: event planners, general affairs, Public Relations, Design, Photography/Videography, Secretary, and Treasurer
- Decided with the president and committee which events to run and who would lead each event, new student arrival services, and international student briefings
- Advised the organizers of about 3 events, including Global Carnival, from preparation to event day
- Prepared slides for monthly meetings and supported the 2026/2027 recruitment drive (about 135 applicants)

Skills

Technical: JavaScript, C#, Java, HTML, CSS, React, Vite, ASP.NET Core, Java Servlets, JSP, MySQL, Git, GitHub; C++ and Microsoft Access
Design & Office: Adobe Illustrator, Adobe Photoshop, Adobe After Effects, Canva, PowerPoint
